We Deliver Worldwide.

Timely. Safely. Economically.

Transport with ease...

At International Transport Logistics we make sure every aspect of shipping your yacht is trouble free. We will handle some, or all, of the logistics of your move, including:

- Competitive pricing
- Inland transportation
- Water transport
- Certified Captains
- Complete ocean freight services
- Custom-built shipping cradles
- Shrink-wrapping
- Survey reports
- Marine insurance services
- Cranes and special lifts
- Flexible timetable and sailings
- Forwarding documentation
- Customs house clearance
- CE Certification compliance

Through every phase, ITL's staff will keep you informed of the progress. Whether you need port-to-port services or a complete move from your stateside marina to a slip on the other side of the world, rest assured, ITL will deliver!

"The art of the sailor is to leave nothing to chance."

– Annie Van DeWile

... and confidence.

ITL approaches every yacht move with careful analysis, determining each vessel's special needs...because no two are the same.

Our team of experienced logisticians maintains the flexibility to respond to the myriad challenges affecting an international move. We even have an in-house engineer for building special equipment such as the cradle to fit your vessel's chines like a glove.

Bottom line, we handle each vessel as if it were our own. Communicating with you constantly, we strive to exceed your expectations!
